

## HEARTBEAT SEPTEMBER 4, 2009

Sister Says:

This is going to sound strange but it is wonderful to be back in school. We are off to a great start and 99% of the children are focused and trying to get back into the routine. Thank you parents for staying on top of things these two weeks, tardies are down and seem to be coming in on time.

Today we celebrate our first Mass of the year and it is time to thank God for the many blessing we have here at Sacred Heart and not the least of which are our children and you. I pray for you each day and I know that God will see us through any of the hardships we may encounter. Father Alex has asked me to let you know he is here for you and can provide an ear and guidance. He truly wishes to be of service to the School community and to you personally.

We are small but we can provide what larger schools can not and that is individual help to you and to your children so please stay in contact with teachers, the office staff and with me. Peace to you!
